What are the guidelines for posting to the DPCA Facebook Group?

Limit your post to one or two pictures. Please use Flickr or another social media site to post your travelogues.

Large posts will be removed.

Comment about your pictures(s) and include basic technical info (for example, the camera you used, the lens, your settings, etc.)

Do not correct and repost any member's photograph, unless you are asked to do so. Anyone "fixing" another member's photograph will be dropped from the page.

Please do not post your version of the same or a similar subject within another member's post. Although you may be trying to be helpful by sharing your experience of the same event and/or your unique artistic view of the subject, your posting may be seen as rude or an unsolicited critique of the original poster's work.

When asked to critique a picture with a "CC welcome" note, please be constructive. Our goal is to help members grow, not embarrass them.
